Become a part of our team!

With over 25 years in the live event production industry, Iowa Sound has earned a trusted reputation for delivering professional, reliable production services across the US. We are committed to creating a positive working environment where team members treat each other with respect, are encouraged to grow personally and professionally, and are equipped with the tools needed to produce exceptional results.

Job description

Iowa Sound, a leading provider in the live event production industry, is searching for a Part-Time Warehouse Technician to join our team in Ankeny, IA. The Warehouse Technician will be responsible for preparing and loading equipment for events, testing, cleaning, and de-prepping equipment after events. Candidate will also be responsible for overseeing vehicle maintenance as well as general day-to-day operations of the warehouse. This position will have some interactions with clients. This position is a part-time hourly position.

Position Responsibilities

- Prepping equipment, loading and unloading trucks
- Managing transportation logistics including overseeing maintenance of fleet (refueling, scheduling maintenance and detailing services)
- Assist in day-to-day warehouse operations, deliveries, equipment pick up/return, testing equipment, preventative maintenance, minor repairs, organization and cleaning of warehouse, etc.
- Maintaining a neat and organized warehouse
- Washing and cleaning equipment and vehicles
- Work closely with clients who pick up or return gear at the warehouse
- Ensure equipment maintains safe operational status
- Transport and unload/load equipment at job sites
- On site assistance with set up and/or tear down for events

Additional responsibilities may be assigned based on workload and experience.

Requirements

- Familiar with Microsoft Office programs
- Available Mon-Thurs to work in the warehouse (9am – 3pm)
- Ability to work occasional nights and weekends
- Comfortable working independently and as part of a team
- Clear, professional communication with team members and clients
- Willingness to learn inventory tracking and production equipment systems

- Self-starter with excellent time management skills
- Prior experience with warehouse work, logistics, or live events is preferred, but not required
- Strong attention to detail and follow-through
- Experience driving trucks and trailers highly preferred

Driving & Eligibility Requirements (Non-Negotiable)

- Must have a driving history that meets company insurance and vehicle operation requirements, without previous suspensions, revocations, TDLs, or any other major moving violations
- Must be able to pass a DOT medical exam and maintain certification as required (company will cover cost of initial exam)
- Must be willing and able to drive company vehicles, including vans, box trucks, and vehicles with trailers

Physical Requirements

- Able to meet the physical demands which include frequent bending, pushing/pulling gear, and lifting up to 70 lbs.
- Must be comfortable with working in the elements (cold, heat, wind, rain).

Employment is contingent upon the successful completion of a background check relevant to the responsibilities of the role. Certain felony convictions may disqualify candidates based on insurance requirements.

We offer:

- Opportunities for bonuses and commission
- Use of company vehicles
- Company swag
- Backstage access to high profile events
- Opportunities for advancement within the company

Position Details

Job Type: Part-time, non-exempt

Pay: \$18-20/hr + eligible for merit-based bonuses

Average Hours: 22-29/wk

Overtime: Time and a half if hours exceed 40/wk

Schedule: Warehouse hours Mon – Thurs, some nights & weekends as needed

Location: In-person, Des Moines

Application deadline: February 27, 2026

Please submit your resume to kim@iowasound.com.
